

§710.2

Transfer. See domestic transfer.

Undeclared facility or plant site. Means a facility or plant site that is not subject to declaration requirements because of past or anticipated production, processing or consumption involving scheduled or unscheduled discrete organic chemicals above specified threshold quantities. However, such facilities and plant sites may have a reporting requirement for exports or imports of such chemicals.

Unit. Means the combination of those items of equipment, including vessels and vessel set up, necessary for the production, processing or consumption of a chemical.

United States. Means the several States of the United States, the District of Columbia, and the commonwealths, territories, and possessions of the United States, and includes all places under the jurisdiction or control of the United States, including any of the places within the provisions of paragraph (41) of section 40102 of Title 49 of the United States Code, any civil aircraft of the United States or public aircraft, as such terms are defined in paragraphs (1) and (37), respectively, of section 40102 of Title 49 of the United States Code, and any vessel of the United States, as such term is defined in section 3(b) of the Maritime Drug Enforcement Act, as amended (section 1903(b) of Title 46 App. of the United States Code).

United States National Authority (USNA). Means the Department of State serving as the national focal point for the effective liaison with the Organization for the Prohibition of Chemical Weapons and other States Parties to the Convention and implementing the provisions of the Chemical Weapons Convention Implementation Act of 1998 in coordination with an interagency group designated by the President consisting of the Secretary of Commerce, Secretary of Defense, Secretary of Energy, the Attorney General, and the heads of other agencies considered necessary or advisable by the President, or their designees. The Secretary of State is the Director of the USNA.

Unscheduled chemical. Means a chemical that is not contained in Schedule 1, Schedule 2, or Schedule 3 (see Sup-

15 CFR Ch. VII (1–1–05 Edition)

plements No. 1 to parts 712 through 714 of this subchapter).

Unscheduled Discrete Organic Chemical (UDOC). Means any “discrete organic chemical” that is not contained in the Schedules of Chemicals (see Supplements No. 1 to parts 712 through 714 of this subchapter) and subject to the declaration requirements of part 715 of this subchapter. Unscheduled discrete organic chemicals subject to declaration under this subchapter are those produced by synthesis that are isolated for use or sale as a specific end-product.

You. The term “you” or “your” means any person (see also definition of “person”). With regard to the declaration and reporting requirements of the CWC, “you” refers to persons that have an obligation to report certain activities under the provisions of the CWC.

§710.2 Scope of the CWC.

The Chemical Weapons Convention Regulations (parts 710 through 722 of this subchapter), or CWC, implement certain obligations of the United States under the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, known as the CWC or Convention.

(a) *Persons and facilities subject to the CWC.* (1) The CWC declaration, reporting, and inspection requirements apply to all persons and facilities located in the United States, except U.S. Government facilities as follows:

(i) Department of Defense facilities; (ii) Department of Energy facilities; and

(iii) Facilities of other U.S. Government agencies that notify the USNA of their decision to be excluded from the CWC.

(2) For purposes of this subchapter, “United States Government facilities” are those facilities owned and operated by a U.S. Government agency (including those operated by contractors to the agency), and those facilities leased to and operated by a U.S. Government agency (including those operated by contractors to the agency). “United States Government facilities” does not

include facilities owned by a U.S. Government agency and leased to a private company or other entity such that the private company or entity may independently decide for what purposes to use the facilities.

(b) *Activities subject to the CWC.* The CWC compel data declarations and reports from facilities subject to the CWC (parts 710 through 722 of this subchapter) on activities, including production, processing, consumption, exports and imports, involving chemicals further described in parts 712 through 715 of this subchapter. These regulations do not apply to activities involving inorganic chemicals other than those listed in the Schedules of Chemicals or to other specifically exempted unscheduled discrete organic chemicals. In addition, these regulations set forth procedures for routine inspections of “declared” facilities by teams of international inspectors in part 716 of this subchapter, and set forth clarification procedures and procedures for challenge inspections (see part 717) that could be requested at any facility or location in the United States subject to the CWC. Finally, the CWC restrict certain imports of Schedule 1 and 2 chemicals into the United States from non-States Parties and prohibit imports of Schedule 1 chemicals except for research, medical, pharmaceutical, or protective purposes.

§ 710.3 Purposes of the Convention and CWC.

(a) *Purposes of the Convention.* (1) The Convention imposes upon the United States, as a State Party, certain declaration, inspection, and other obligations. In addition, the United States and other States Parties to the Convention undertake never under any circumstances to:

- (i) Develop, produce, otherwise acquire, stockpile, or retain chemical weapons, or transfer, directly or indirectly, chemical weapons to anyone;
- (ii) Use chemical weapons;
- (iii) Engage in any military preparations to use chemical weapons; or
- (iv) Assist, encourage or induce, in any way, anyone to engage in any activity prohibited by the Convention.

(2) One objective of the Convention is to assure States Parties that lawful activities of chemical producers and users are not converted to unlawful activities related to chemical weapons. To achieve this objective and to give States Parties a mechanism to verify compliance, the Convention requires the United States and all other States Parties to submit declarations concerning chemical production, consumption, processing and other activities, and to permit international inspections within their borders.

(b) *Purposes of the Chemical Weapons Convention Regulations.* To fulfill the United States’ obligations under the Convention, the CWC (parts 710 through 722 of this subchapter) prohibit certain activities, and compel the submission of information from all facilities in the United States, except for Department of Defense and Department of Energy facilities and facilities of other U.S. Government agencies that notify the USNA of their decision to be excluded from the CWC on activities, including exports and imports of scheduled chemicals and certain information regarding unscheduled discrete organic chemicals as described in parts 712 through 715 of this subchapter. U.S. Government facilities are those owned by or leased to the U.S. Government, including facilities that are contractor-operated. The CWC also require access for on-site inspections and monitoring by the OPCW, as described in parts 716 and 717 of this subchapter.

§ 710.4 Overview of scheduled chemicals and examples of affected industries.

The following provides examples of the types of industries that may be affected by the CWC (parts 710 through 722 of this subchapter). These examples are not exhaustive, and you should refer to parts 712 through 715 of this subchapter to determine your obligations.

(a) Schedule 1 chemicals are listed in Supplement No. 1 to part 712 of this subchapter. Schedule 1 chemicals have little or no use in industrial and agricultural industries, but may have limited use for research, pharmaceutical,
